DR. WILLIAM BOOTHE

One of the most frequent comments of our patients is that they can wake up and see the alarm clock for the first time with clear vision. They are literally amazed at what they can see. At Boothe Eye Care and Laser Center you can get the most advanced technology for a great value. **Dr. Boothe will beat any price for custom IntraLASIK** using the same laser platform and same warranty period. Ask about payment plans for a little as **\$33 per month or zero percent interest for two years**. Choose the surgeon who has done more IntraLASIK than anybody in the world. Call 214 328 0444.
